

2010 Hummingbird and Butterfly Plant Sale

Butterfly Bush (*Buddleia*)

Summer-long, fragrant blooms are great for cutting and attracting butterflies. Treat them like a perennial in the north and cut back very heavily in the winter or spring for better flowering. For the best placement, plant along a wall or fence approximately 10-15 feet from your door. This plant prefers a moist, well-drained soil with an area that receives full sun. Heights vary from 3-8 feet, depending upon the plant.

Plants are locally grown!

Wildflower Seeds

\$5.00

Available in our office!

Butterfly Mix
 Low Growing Mix
 Partial Shade Mix
 Perennial Mix
 Premium Mix

How the Program Works

All plants are sold on a first come first serve basis and must be pre-paid. Orders will be taken until April 30 or until the plants are sold out. Projected delivery to our office is mid to late May. We will notify you by postcard when the plants can be picked up. You must pick up your plants on the specified date; we do not have a place to keep the plants. The plants are small. They will be in 4" pots. There are no refunds or exchanges. We reserve the right to make substitutions. All sales are final. Plants not picked up will be disposed.
