Camp is FUN!

2011 Camp Adventure

Camp Activities

Life Underwater:

Explore our new aquatic education trailer and learn how animals are adapted to living underwater.

H2Olympics:

Learn about the amazing properties of water and go for the gold with your team in the water themed Olympic events.

Fish Identification:

Discover some of the many fish found in Ohio waterways and how to identify them. Hands-on fishy fun!

Water Safety:

Find out what fun activities you can do on Ohio's waterways and how to keep safe on the shore and open waters.

Stream Exploration:

What animals live in the stream? What do they tell us about water quality? Find out and explore the stream ecosystem.

Crafts:

Make a ship in a bottle and recycled bottle lantern.
