

Urban Greens is Growing!

Urban Greens continues to expand in the 2023 season! Our sites include Restoration Park, Brighton Grows, Zanesville Community High School, Maple-Harding Community Garden, and Marshall Greens among many other upcoming projects. We have partnered with the South Zanesville Food Pantry to grow food to the specific wants and needs of those who utilize this pantry. We are also excited to begin plans for a Youth Garden! Educational programming throughout the Spring and Summer includes how to prepare the produce available and how to start personal gardens. We are currently looking for volunteers to assist with our many gardens this Spring and Summer! If you are interested, please create an account on voly.org where we will be posting opportunities to get involved!

Upcoming Events 2023

All Events Are Free!

NOW	Restoration Park Registration is open NOW for anyone interested in having a raised bed. Everyone interested in having a bed must fill out the registration form that is available on our website or in the office. A new registration for 2023 must be filled out by those who have reserved beds in the past.
